

Les Amis' Magnum Room

Elevating The Private Dining Room Experience

This May, Les Amis will launch a Magnum Room to pay tribute to winemakers who have poured their hearts and souls into perfecting their craft. The Magnum Room is envisaged as an exclusive space for an immersive and memorable experience to learn more about pairing great wines with the finest of French food.

Wines have always been an integral part of the dining experience at Les Amis since the restaurant first opened its doors in 1994. The restaurant has one of the largest wine lists in the world, featuring an awe-inspiring collection of wines that have earned them the Grand Spectator Grand Award since 1996. The Grand Award is the highest honour, presented to restaurants with the finest wine list and wine service. Les Amis is proud to be one out of only 97 winners internationally.

TAKING THE PRIVATE DINING ROOM EXPERIENCE TO THE NEXT LEVEL

Determined to do things differently, Chef Sebastien and his team are constantly on the lookout for novel ways to keep guests entertained so that they may walk out of Les Amis with a unique and memorable experience.

“As a 3 Michelin Starred restaurant, our guests are looking for an experience. In my opinion, having just a typical private dining room is no longer a novelty. We need to do things differently. Dining is like the theatre, we need to give our guests some drama to keep them enticed.”

Sebastien Lepinoy

INSPIRED BY THE WINE CAVE

Inspired by the wine caves peppered across France, the design of the Magnum Room, complements the restaurant's desire to provide guests an immersive French experience.

Wine Caves are not only a remarkable sight, they are a trademark found across France. To reflect the rows and columns of wines in the cave, Les Amis creates custom display cabinets with timber-framed glass doors and suspended timber racks to house more than 100 Magnums. The walls are adorned with remarkable vintages cherry-picked to represent the best of Burgundy, Bordeaux and Rhone Valley.

Similar to the wine caves, Les Amis' Magnum Room has no windows, providing guests with no distraction but respite from the hustle and bustle of everyday life.

In the centre of the room, you will find a customised oval-shaped dining table, craved from Opolopo Granite. Above the table, The ceiling is indirectly lit from the walls, to provide uniform ambient lighting to the room, with a bespoke, backlit elliptical stretched ceiling depicting an Italian Renaissance fresco by Andrea Mantegna as the centrepiece.
